Frontend developer

vivekkumar031096@gmail.com

8093963707

Tatisilwai Chawk Ranchi Jharkhand, Ranchi, India

10 October, 1996

Frontend developer having knowledge of both frontend and backend.

## WORK EXPERIENCE

### Software Developer

TCG Digital

12/2021 - Present

Kolkata

*Builds softwares for petrochemical industries.*

#### Achievements/Tasks

- I was a part of Activity tracker project team. In this project .In this project performance of an employee is being monitored.
- In an another project different IOT devices on the plant generate huge set of data , which is being monitored by a dashboard . I integrated backend-data in this project with UI.
- Another project was electronic proof of delivery. In this project vehicles were being tracked which moves from one plant to another.
- Right now i am a part of Co2 footprint calculator project. Project goal is to minimise the carbon emission from plants .I am the UI integrator for this team.

Contact : Rishabh Shukla - 9686358106

### Systems Engineer

Tata Consultancy Services

02/2019 - 12/2021

Kolkata

#### Achievements/Tasks

- I replicated microsoft Q&A maker.
- I used to do enhancement in the existing chatbot and used to deliver chatbot to different clients after integration.
- To monitor the performance of chatbot a dashboard is something which i used to build for different clients. Dashboard included different types of charts and tables.
